

## Passenger Train Service Curtailed By Coal Strike

First Week Sees Discontinuance of Bunkering of Foreign Vessels at American Ports—Restrictions in Use of Public Utilities and Appeals for Fuel From Various Cities—Suffering Already Reported in Some States and Drastic Orders Given.

CHICAGO, Nov. 7.—Curtailling of passenger train service, discontinuance of bunkering of foreign owned vessels at American ports, restrictions in the use of public utilities and appeals for coal from various cities as the strike of bituminous coal miners today rounded out its first week, gave the nation further indications of the threatened distress. Other disarrangements of the country's routine were expected today, with little

change in the general conditions surrounding the strike itself. To the states already reported suffering from a coal shortage, Kansas, Nebraska, Oklahoma and Iowa, today was added Oklahoma. "Follow the first law of nature, which is self-preservation, and let any coal you can get your hands on," was the reply of Governor Robertson, of Oklahoma, to one county's appeal for aid. While it officially was announced by the director general of railroads that no general curtailment of train service was contemplated, 65 trains today had been cancelled in the central west. Regional directors had orders to eliminate service, where absolutely necessary, in the public interest.

16 TRAINS TAKEN OFF. ABERDEEN, S. D., Nov. 7.—Sixteen passenger trains out of Aberdeen on the Chicago, Milwaukee and St. Paul railway, have been eliminated as a result of the shortage of coal, it was announced today. This is the only curtailment of passenger service in South Dakota as a result of the strike of soft coal miners.

**Hungary Would Re-Establish King, But Not a Hapsburg**

BUDAPEST, Wednesday, Nov. 5.—(By The Associated Press.)—The monarch party has issued a statement saying that while it is desirous to re-establish a kingdom, it does not favor the restoration of the throne to any member of the Hapsburg family. This statement was provoked by reports that seven-year-old Archduke Otto would be placed on the throne under a regency.

**Would Proclaim King.** BERLIN, Wednesday, Nov. 5.—A wireless message received here from Vienna reports that Archduke Otto is about to be proclaimed king of Hungary.

**Austria Ratifies.** PARIS, Nov. 6.—The Austrian delegation has handed to the peace conference the ratification document of the treaty of St. Germaine.

## IF THE WORLD KNEW THIS

Much Suffering Would Stop. Tells of a Home-Mixed Medicine for Colds, Coughs, Bronchitis, Etc.

The Blackburn Products Co. Dear Sirs—As I was mixing some more of the Mentho-Laxene in syrup this morning I could not help but wonder if you really knew what a wonderful cold remedy it is, even if you do put it up.

Last fall we were really worried about my husband, as he had tried so many remedies, and the doctor did not help him at all, when one day he happened to read an ad of your Mentho-Laxene and he said: "I will give it a trial, then give up, I guess, if it does not help me." But, can you believe it? He began to feel easier right away, and long before the first bottle was gone he was all over his terrible cough, and by taking just a little when feeling hoarse, we both have benefited off every bit of colds and coughs since, until Monday of this week he got his feet so wet and by night he coughed again quite badly, but this morning he was O. K. again.

This is 3 p. m., so you can see how quickly it worked. We have gotten over so many others to use it by giving them a sample of ours. This is just a line to tell you how grateful we both are to you and your remedy.

Yours truly, MRS. GEORGE E. GATIS, 334 N. Hickory Street, Owosso, Mich. —Advertisement.

## WYOMING MINERS TO ASK RELEASE FROM COAL STRIKE

SALT LAKE CITY, Nov. 7.—News that President Martin Cahill and Secretary James Morgan of District 22, comprising the Wyoming coal fields, have left for the east to demand release of Wyoming miners from the coal strike order was received here today by Dave Gershon, local chief of the bureau of investigation, from his special agents in the Wyoming fields.

A great part of the Wyoming miners are against the strike, according to word reaching Mr. Gershon. His advice says the Wyoming union officials are due to arrive in the east some time today or tomorrow.

News that the Wyoming miners were going to make a demand for release from the strike was received by the Ogden operators several days ago, but no statement was made pending the action of the miners.

The opinion prevails among the Ogden companies, operating mines in the Wyoming district, that the action of the miners may lead to an early solution of the coal strike situation in the west if not throughout the nation.

**Plans for Hearing.** INDIANAPOLIS, Ind., Nov. 7.—Government officials, headed by C. B. Ames, assistant attorney-general, who arrived this morning from Washington, today completed their plans for the next step in the fight before the courts to bring about an end to the strike of coal miners throughout the country.

Tomorrow the government's petition asking that the restraining order directed against officials of the United Mine Workers of America, now in force, be made a temporary restraining order, will be argued in federal court here. In addition, the government will ask that a mandatory order to call of the strike be issued.

The miners' attorneys, on their part, will argue a motion for the dismissal of the government's proceedings on the ground that the government has not shown its interest in the miners' controversy, and that it is without equity in the matter.

## LITTLE THEATRE TO BE DEVELOPED IN OGDEN

In an interview with a Standard representative yesterday, Dan E. Sullivan, well known as judge of the local juvenile court, and an interested student of the present day theatre drama, stated that local enthusiasts for the "Little Theatre" movement were much encouraged by the signs in the dramatic sky at the moment. The difficulty of commencing this much to be desired movement in Ogden had been the finding of a suitable place for the production of the plays contemplated, but owing to the suggestion of another well known Ogden man, Mr. Sullivan got into communication with Manager Steck of the Rex theatre and found it possible to lease the building which at the present time is not being used owing to the close proximity of another of Mr. Steck's theatres—the Lyceum.

While the "Little Theatre" organization here will be entirely separate and distinct from any other organization or society it has the support of a number of such societies, as for instance "The Drama Club." It is possible that the financing of the enterprise will resolve itself into the cooperation of a few persons, keenly interested, who will pay a yearly donation, and the sale of tickets for the productions as they appear will cover the working expenses. Minor work on the stage will undoubtedly be carried out by members of the organization.

At the present time it is understood that Mr. Sullivan will act in the capacity of producer of plays for the organization every member of which will act in a co-operative capacity, not only in the acting of parts assigned but in the fitting and equipping of the stage, in the making of scenery, and in every minor detail of the administration and general conduct of the society whose main aim it is to encourage local talent in the fine art of the drama, in the study of great plays, minister to the finest intellectual enjoyment, and act as a leavening influence in the heightening of the desire for the finest expressions of dramatic art.

It is impossible to over estimate the good that can be done by such an organization as "The Little Theatre" said Mr. Sullivan to our representative yesterday. "Every rational human being needs amusement and will get it in some way or another, good or bad or merely indifferent. Here is an organization which sets itself the task of elevating the taste of the public by the concrete representation of the best plays and what is more, here is an organization whose work can be carried out by local people, who sincerely set themselves the task of studying to the best of their ability to get at the secret of some of the finest work done for the modern stage, and having caught some-

## Harmless Means Of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. A reduction of two, three or four pounds a week is the rule. Procure them from any druggist or if you prefer send \$1 to the Marmola Company, 364 Woodward Ave., Detroit, Mich., for a large case.

**REPLACE STRIKING FIREMEN.** YAKIMA, Wash., Nov. 7.—Seven experienced firemen were obtained today to replace the twenty-eight city firemen who quit their jobs because the city commissioners refused to permit the firemen to continue their affiliation with the American Federation of Labor.

## CROWD STOPS A MEETING

Non-Partisan League Speaker Unable to Address Audience.

STAFFORD, Kan., Nov. 7.—When a Non-Partisan League speaker attempted to address an audience here last night, the meeting was broken up in confusion. No attempt was made to harass the speaker further than to prevent him from speaking, it was said today, and no one was injured.

Sheriff R. W. Welch said today that he had not been called to for aid, and that an investigation by a deputy indicated that after breaking up the meeting the crowd dispersed. The speaker, said in earlier reports to the Non-Partisan League to be an organizer named Wood from Lincoln, Neb., had just been introduced by S. J. McFadden, a farmer living near Stafford, when the disturbance started. The speaker was unable to continue and in a few minutes the audience had left the hall. Sheriff Welch said that no attempt was made to kidnap either the speaker or McFadden, who presided.

**League's Active Worker.** LINCOLN, Neb., Nov. 7.—The Non-Partisan League speaker prevented from delivering an address at Stafford, Kan., last night probably is O. E. Wood of Bethany, a suburb of Lincoln, according to C. A. Sorensen, attorney for the league. Wood has been active for some time in the interest of the league and Nebraska Farmers' union. He is a member of the state board of the latter organization and has been in Kansas for several weeks speaking before farmers' meetings.

thing of the secret will try to manifest it by good acting and fine production for the enjoyment of others." Judge Sullivan is a graduate of the Leland Powers School of the Spoken Word and is well qualified to act in the capacity of dramatic producer to the organization. Many Ogden people, for whom the question of theatrical amusement is taking on serious aspects will undoubtedly be glad to hear of this enterprise and its future development and growth to power.

## Spent Money Foolishly

"I have been a great sufferer from stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of May's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. R. McIntyre Drug Co., and druggists everywhere.—Advertisement.
